Mapped EU AI Act clauses

Clause	Obligation
Art. 12(3)(a)	Start and end time of each use
Art. 12(3)(c)	Input data that produced a result
Art. 12(2)(c)	Operational monitoring - pipeline linkage and output integrity
Art. 12(2)(a)	Recording of events relevant to risk situations and malfunctions

Record 2 - agent_step	
record_id	72cf036d-0af2-4928-88de-ba3ebe705489
pipeline_id	8d3fecf8-42d6-4f45-824f-7dde23407026
session_id	103adee3-a8e1-4c20-94ab-8756a0b48abd
agent_id	researcher
model_id	fake-researcher

Mapped EU AI Act clauses

Clause	Obligation
Art. 12(3)(a)	Start and end time of each use
Art. 12(2)(b)	Post-market monitoring - model identity and version
Art. 14(4)(a)	Oversight: capabilities and limitations of the system
Art. 12(3)(c)	Input data that produced a result
Art. 12(2)(c)	Operational monitoring - pipeline linkage and output integrity
Art. 12(2)(a)	Recording of events relevant to risk situations and malfunctions

Clause coverage matrix

Clause	Obligation	Satisfied by
Art. 12(1)	Logs are technically enabled with evidentiary integrity	1 record(s)
Art. 12(2)(a)	Recording of events relevant to risk situations and malfunctions	5 record(s)
Art. 12(2)(b)	Post-market monitoring - model identity and version	3 record(s)
Art. 12(2)(c)	Operational monitoring - pipeline linkage and output integrity	5 record(s)
Art. 12(3)(a)	Start and end time of each use	4 record(s)
Art. 12(3)(b)	Reference database consulted	- not satisfied -
Art. 12(3)(c)	Input data that produced a result	4 record(s)
Art. 12(3)(d)	Identity of natural persons who verified results	- not satisfied -
Art. 14(4)(a)	Oversight: capabilities and limitations of the system	3 record(s)
Art. 14(4)(c)	Oversight: correct interpretation of system output	- not satisfied -
Art. 14(4)(d)	Oversight: ability to disregard, override, or reverse output	- not satisfied -
Art. 14(4)(e)	Oversight: intervene or halt via a stop mechanism	- not satisfied -
Art. 14(5)	Biometric ID: at least two-person verification	- not satisfied -
Art. 50(1)	User informed they are interacting with an AI system	1 record(s)
Art. 50(4) exception	AI-generated text exempted by editorial human review	- not satisfied -
